## I Purpose of the Release notes

These Release Notes provide a high level summary of the changes made to pan-Canadian Clinical Document Architecture (CDA) artifacts. A detailed description of all of the changes can be found in the corresponding Change Log (SC-3004-EN - Change File – CDA - 20141117).

All Release artifacts can be found at:

[https://infocentral.infoway-inforoute.ca/2\\_Standards/1\\_pan-Canadian\\_Standards/Messaging/t\\_Clinical\\_Document\\_Architecture\\_\(CDA\)](https://infocentral.infoway-inforoute.ca/2_Standards/1_pan-Canadian_Standards/Messaging/t_Clinical_Document_Architecture_(CDA))

These release notes are intended to be used in conjunctions with other artifacts published as part of this release.

Stakeholders are strongly encouraged to review the Release Notes prior to exploring the rest of the published artifacts.

## II Highlights of the Release

This CDA Release is a planned release to address enhancements and technical corrections identified by pan-Canadian Stakeholders. The changes identified in this release have been adopted by jurisdictional implementation of the pan-Canadian CDA Header.

## III Release Artifacts

The following artifacts are made available as part of this release:

Artifact Business Name	Artifact Technical Name	Description
Release Notes	SC-5001-EN - Release Notes - CDA – 20150131	Executive Summary of Release information.
Pan-Canadian CDA Header Implementation Guide (clean)	SC-0006-EN - pan-Canadian CDA Header Implementation Guide – 20150131 (clean)	Updated pan-Canadian CDA Header Implementation Guide without tracked changes highlighted.
Pan-Canadian CDA Header Implementation Guide (tracked changes)	SC-0006-EN - pan-Canadian CDA Header Implementation Guide – 20150131 (tracked changes)	Updated pan-Canadian CDA Header Implementation Guide with changes highlighted in revision markers.
Change Log	SC-3004-EN - pan-Canadian CDA Change File - 20150131	Details each change made to the relevant artifacts in this release.

### Disclaimer

**Canada Health Infoway Inc. (Infoway) in its role as strategic investor may require adherence to this implementation guide or similar specification documents as a criteria for receiving funding or payment.**

**The Standards Collaborative is the pan-Canadian organization responsible for the coordination of health information standards. The Standards Collaborative provides: a single point of contact for coordination of pan-Canadian standards throughout the**

standards life cycle: development, implementation support, education, maintenance and conformance; a streamlined governance, processes and operations; efficiencies gained by combining administrative services such as communications, website management, event planning/management, education and administrative support; and coordination of development, maintenance and balloting processes, such that they are harmonized in a way that each adds value without duplication.

This document forms part of a standard which was developed through the Standards Collaborative governance processes that are a consensus-based standards development process that brings together volunteers and/or seeks out the views of persons who have an interest in the topic covered by this publication. While Infoway administers the process, establishes rules to promote fairness in the development of consensus, and may engage consultants to facilitate the process and develop the documentation, it does not independently test, evaluate, or verify the accuracy or completeness of any information or the soundness of any judgments, interpretations, decisions and guidance contained in the standards and guideline publications.

The information in this publication was considered technically sound by the consensus of persons engaged in the development and approval of the document at the time it was developed. Consensus does not necessarily mean that there is unanimous agreement among every person participating in the development of this document.

*Infoway* disclaims liability for any personal injury, property, or other damages of any nature whatsoever, whether special, indirect, consequential, or compensatory, directly or indirectly resulting from the publication, use of, application, or reliance on this document. *Infoway* disclaims and makes no guaranty or warranty, expressed or implied, as to the accuracy or completeness of any information published herein, and disclaims and makes no warranty that the information in this document will fulfill any of your particular purposes or needs. *Infoway* does not undertake to guarantee the performance of any individual manufacturer or seller's products or services by virtue of this standard or guide.

In publishing and making this document available, *Infoway* is not undertaking to render professional or other services for or on behalf of any person or entity, nor is *Infoway* undertaking to perform any duty owed by any person or entity to someone else. Anyone using this document should rely on his or her own independent judgment or, as appropriate, seek the advice of a competent professional in determining the exercise of reasonable care in any given circumstances. Information and other standards on the topic covered by this publication may be available from other sources, which the user should consult for additional views or information not covered by this publication.

## V Contact Us

Requests for a change must be made by email to the Standards Collaborative Help Desk or through the applicable SCWG forum.

If you have any questions about your SC membership or wish to obtain a membership, please contact the Infoway Standards Collaborative Infodesk Desk at:
