How to Provide Feedback

The Public Review period for the **Pan-Canadian Patient Summary Interoperability Specifications v0.1** is now closed. Infoway is in the process of dispositioning the comments and will issue release notes and Q&As with the PS-CA v0.2.

The PS-CA v0.2 will be released on January 28, 2022.

The timeline for Public Review is: January 28 - February 14, 2022.

You may review the PS-CA Specifications in the following formats:

- Download the PS-CA specifications in PDF format from the corresponding links on the Release page.
- Review the PS-CA Specifications in InfoScribe, from the corresponding link on the Release page.

How to submit your feedback:

- All Collaborators are invited to document comments using the **Public Review Comments PS-CA v0.2** spreadsheet, coming soon.
- Send an email to standards@infoway-inforoute.ca, with Subject Line "PS-CA", including the Comments spreadsheet as an attachment.
- We kindly ask that each organization submit all comments within one spreadsheet submission.
- Upon submission, you will receive an acknowledgement email with a reference number. Our team will complete a review of all comments, determine the appropriate disposition for each item and incorporate changes and backlog items into the release notes for v0.2.

For questions, please contact us at standards@infoway-inforoute.ca
