Day 3

Final Projectathon Summary

Presentation Slides for the 4 Facilitated Roundtable Sessions

Recordings for the 4 Facilitated Roundtable Sessions

Session	Objectives	Recordings
FHIR Content Data Model	• Discuss implementer experience with PS-CA and CA:FeX including mapping native application data to the new FHIR profiles	Video Link
Supporting Profiles for the PS-CA Exchange (e.g., IUA)	• To explore supporting profiles needed by future PS-CA integrations e.g., authorized access to records	Video Link
Approaches to Document Management	• Discuss implementer experiences and approaches available for handling patient's longitudinal record, specifically focused on document format	Video Link
Clinical Workflow	• Share outcomes of previous clinician sessions • Discuss vendor experiences with supporting clinical workflows, specifically related to Patient Summaries	Video Link

Pre-Projectathon Events

Important Dates and Events

Key Dates	Event Details	
Jan 20	**Event**	**Participant Registration Webinar** (Recording available here. Presentation deck available here.)
	Details	This webinar will include an overview of the: • Scope of the Projectathon, including profiles and use cases • Gazelle tool • Registration in Gazelle • How the Projectathon will be organized • Relevant documentation, including specifications and training materials
	Preparation Required	N/A
Jan 20 – Feb 24	**Event**	**Participant registration**

	Details	Participant registration will be open from January 20 – February 21. • Click here to register to Gazelle Test Management. • For more information on how to register your system, please watch the **Participant Registration Webinar**, recorded on Jan 20.
	Preparation Required	Complete registration process.
Feb 17	**Event**	**Pre-Projectathon Testing Webinar** (Recording available here. Presentation deck available here.)
	Details	This webinar will provide detailed information on: • Gazelle, including Gazelle Test Manager, simulators and validators • Pre-Projectathon Testing, including objectives, requirements, and test processes

	Preparation Required	By February 17th, you will need to:
		
		• Watch a short 15-minute video titled 'Pre-Projectathon Webinar'
		    ○ You can access this video by:
		        ■ Logging into our Moodle platform at: https://moodle.pancanadianio.ca
		        ■ Selecting the Course "Pan-Canadian Projectathon Webinars"
		        ■ Selecting the video "Pre-Projectathon Webinar"
		• Come prepared with any questions
		• **Optional:** Watch information videos on the Gazelle Tools. You may use these tools as part of your pre-Projectathon tests in Gazelle. For some test cases, you may need to use Gazelle simulators or Gazelle validators, and these videos will show you how to access the tools and how to perform your tests using the tools. There are videos available for the following tools:
		        ■ EVS Client
		        ■ Gazelle Security Suite – ATNA Questionnaire
		        ■ Gazelle Security Suite – Certificates
		        ■ Patient Manager
		        ■ XDS StartClient Tool
		        ■ XDS Testing Tool
		
		You can access these videos by:
		
		    ○ Logging into our Moodle platform at: https://moodle.pancanadianio.ca
		    ○ Selecting the Course "Tools Usage Guide"
		    ○ Selecting the relevant videos

Feb 25 – Mar 17	**Event**	**Pre-Projectathon Testing**
	Details	Pre-Projectathon testing will occur between February 17 – March 11.
	Preparation Required	Refer to the preparation steps for the **Pre-Projectathon Testing Webinar**, held on Feb 17th. **Actions Required during the Pre-Projectathon Testing:** • Perform Pre-Projectathon Testing • NOTE: ATNA Certification and ATNA Questionnaire are mandatory pre-Projectathon tests.
Feb 25	**Event**	**Overview of Tools Webinar** (Recording available here. Presentation deck available here.)
	Details	This webinar will provide an overview of the tools that will be used to support your participation in the Projectathon. A walkthrough will be provided of: • An OpenAPI User Interface for the PS-CA APIs, including the MHD and CA:FeX options. • A PS-CA FHIR Renderer used to visualize PS-CA FHIR bundles provided as JSON structured data. Details about how to access the tools will be provided during the webinar.
	Preparation Required	N/A
Mar 1	**Event**	**Connectivity Testing Webinar** (Recording available here. Presentation deck available here.)
	Details	This webinar will provide details about how to: • Find and execute the connectivity tests in Gazelle • Understand the pre-requisites for connectivity testing

	Prepa ration Requi red	Complete registration process (Note: Your registration status should say "Completed")
Mar 1 – Mar 17	Event	**Connectivity Testing**
	Details	Connectivity testing will occur between February 28 – March 11.
	Prepa ration Requi red	Add your system IP address and host in Gazelle. (Details were provided during the Pre-Projectathon Testing Webinar, held on Feb 17. Recording link available above.)
Mar 14	Event	**Final Touchpoint Webinar**
	Details	This webinar will be a final touchpoint for participants to ask any questions in advance of the Projectathon event.
	Prepa ration Requi red	N/A
